Seattle Indian Health Board (SIHB) ensures the health and well-being of urban American Indian and Alaska Native communities by providing culturally attuned healthcare and human services; conducting data research through its research division, the Urban Indian Health Institute; and collaborating with tribal, community, and local partners.

### Health and Housing Infrastructure Priorities

**Ensure access to culturally attuned healthcare and housing**

- Support a $300,000 budget request for Lake City Clinic Expansion for tenant improvements and betterments to ensure the delivery of holistic patient-centered care.
- Support a $200,000 budget request for the Thunderbird Treatment Center Community Participatory Design Survey to aid the pre-architectural design for our 95-bed in-patient behavioral health center.
- Support a $308,000 budget request for a culturally attuned Produce Prescription Pilot to connect families and individuals to healthy traditional foods and produce.
- Make meaningful investments in culturally attuned and affordable temporary and long-term housing models led by and for American and Alaska Native people.

### American Indian and Alaska Native Relationship Priorities

**Honor Trust and Treaty Obligations to American Indian and Alaska Native citizens**

- Expand the Tribal Consultation policy and create an Urban Confer policy across city departments to honor trust and treaty obligations to American Indian and Alaska Native citizens, and inform, develop, and implement Indigenous perspectives within legislation and government funded programs.

### Missing and Murdered Indigenous Women and Girls

**Address violence against Native women and girls**

- Invest $3,000,000 into the Human Services Department for community-based advocacy services with flexible financial assistance for survivors of gender-based violence.
- Create funding set aside in department budgets for tribes and urban Indian organizations to conduct culturally attuned direct services in the areas of gender-based violence, sexual violence, human and sex trafficking, homelessness, mental health, and substance use disorder services.

### Supporting Priorities

**Build thriving communities through community-led and culturally attuned services**

- Invest $1.5 million for mental and behavioral health services for the Duwamish Tribe by expanding contracts for drug and alcohol rehabilitation programs and inpatient care.
- Invest $13.9 million to expand the mental and behavioral health crisis system.
- Invest $17 million for food support and food sovereignty for our most vulnerable residents.
