SEATTLE INDIAN HEALTH BOARD

2024 Federal Public Health Priorities

Seattle Indian Health Board (SIHB) ensures the health and well-being of urban American Indian and Alaska Native (AI/AN) communities by providing culturally attuned healthcare and human services; conducting data research through its research division, Urban Indian Health Institute (UIHI); and collaborating with tribal, community, and local partners.

**Urban Indian Health**

Ensure tribal members have access to healthcare regardless of their location.

- Indian Health Service (IHS) Fiscal Year (FY) 2024 budget requests:
  - $51.42 billion for IHS with 3.29% for Indian Health Professions.
  - $973.59 million for the Urban Indian Health line item.
  - $474.4 million for the Tribal Epidemiology Centers (TEC) line item.
- Support HR. 630/S. 460 to establish an Urban Indian Health Confer Act
- Support HR. 2376 to expand Federal benefits to tribes, tribal organizations, urban Indian organizations (UIO), and Tribal Colleges.
- Support the Centers for Medicare & Medicaid Services (CMS) reimbursement of Traditional Health Services to uphold health equity practices for AI/AN populations.*
- Support the permanent authorization of 100% Federal Medical Assistance Percentage (FMAP) for UIOs.
- Support mandatory spending and advanced appropriations for IHS.
- Permanently extend telehealth provisions for Medicaid reimbursement.

**Community Health Centers (CHC)**

Protect programs and services delivered by CHCs.

- Protect the 340B Program and high-priced pharmaceutical drugs from being carved out of Medicaid Managed Care.
- Ensure Federally Qualified Health Centers are allowed to contract with a Pharmacy Benefit Manager (PBM).
- Prevent pharmaceutical companies from illegally denying benefits to 340B-covered entities.
- Support HR. 2559 to provide five years of funding for CHCs and the National Health Service Corps.

**Workforce Development**

Invest in the public health workforce.

- Support dual certification and licensing of behavioral and mental health practitioners.
- Amend the Indian Health Care Improvement Act, Sec. 111 on Community Health Aide Program (CHAP), to include UIOs as eligible participants.
- Invest in paid community-based workforce development training programs in healthcare settings.

**Supporting Priorities**

**Infrastructure**

- Invest $42 million in UIO facilities to support construction, maintenance, equipment, and other facility needs.
- Invest $250 million for the Data Modernization Initiative to improve public health surveillance programs and increase accessible data for TECs.
- Request a cost estimate and assessment on expansion of the UIOs with high densities of AI/AN people.
- Advocate for the creation of an interagency data council under HHS responsibility to establish a process for sharing public health data, create a longitudinal and sustainable program, and receive updates on federal data violations.

*SIHB implemented a first-of-its-kind Traditional Indian Medicine reimbursement pilot thanks to a Substance Abuse and Mental Health Services Administration (SAMHSA) block grant received by the Washington State Department of Health.
SEATTLE INDIAN HEALTH BOARD

2024 Federal Community Health Priorities

Seattle Indian Health Board (SIHB) ensures the health and well-being of urban American Indian and Alaska Native (AI/AN) communities by providing culturally attuned healthcare and human services; conducting data research through its research division, Urban Indian Health Institute; and collaborating with tribal, community, and local partners.

Maternal and Infant Health

Invest in programs and services to support AI/AN mothers and infants.

- Invest $295 million to grow and diversify the perinatal health workforce, including $50 million for doulas.¹
- Invest $210 million in maternal and infant health surveillance to address disparities within Native and Black communities.²
- Support the establishment of a credentialing process and Medicaid reimbursement of doulas to provide care to all pregnant and postpartum individuals.
- Support the Centers for Medicare & Medicaid Services (CMS) reimbursement of Traditional Health Services to uphold health equity practices for AI/AN populations.³

Missing and Murdered Indigenous Women and People (MMIWP)

Address violence against Native women and people.

- Increase investments in the Crime Victims Fund (CVF) to support funding for the Victims of Crime Act (VOCA).
- Invest $10 million in Tribal Epidemiology Centers to improve data and evaluate violence prevention and response to the MMIWP crisis.

Housing for Native Communities

Address housing disparities for AI/AN individuals and families.

- Increase funding for culturally attuned in-patient facilities, sober beds, transitional housing, and detoxification facilities.
- Allow a Native American Housing Assistance and Self-Determination Act (NAHASDA) Tribal Housing Authority to extend Indian Preference Policy to UJIOs without having to allocate Indian Housing Block Grant program funding to a housing project.

Supporting Priorities

Nutrition

- Permanently extend the Special Supplemental Nutrition Program for Women, Infant, and Children (WIC) flexibility waivers established during the COVID-19 pandemic.
- Increase funding for the WIC Breastfeeding Peer Counselor Program.
- Extend Tribal Self-Governance to administer the Supplemental Nutrition and Assistance Program.
